## The Inpatient Experience of Nursing Care Survey

## **Instructions**

This survey is about your experience with nursing care <u>during this hospitalization stay</u>, the responses you give will help improve nursing service. You answers will be confidential and will not be shared with the health professionals who looked after you.

This survey is easy to answer, please read the questionnaire and answer all questions. For each question, please place a tick in the box next to the answer that most closely match your own experience. <u>If you didn't experience any nursing care, please place a tick in the box next to "not applicable"</u>.

Thank you for your support.
