

Correction

Christiansen CB, Olesen JB, Gislason G, *et al.* Cardiovascular and noncardiovascular hospital admissions associated with atrial fibrillation: a Danish nationwide, retrospective cohort study. *BMJ Open* 2013;3:e001800. doi:10.1136/bmjopen-2012-001800. Errors were present in figures 2 and 3, and supplemental figures 4–7. The correct figures 2 and 3 are below and the supplementary figures have been corrected online.

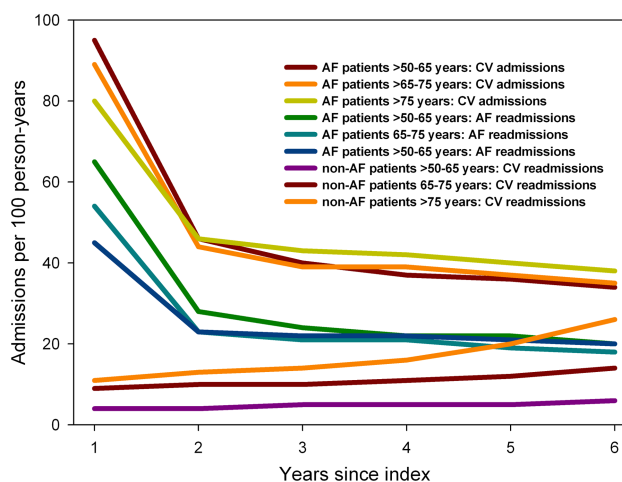

Figure 2 Cardiovascular admissions and atrial fibrillation readmissions for patients with or without atrial fibrillation. Data shown as admissions per 100 person years and stratified for age.

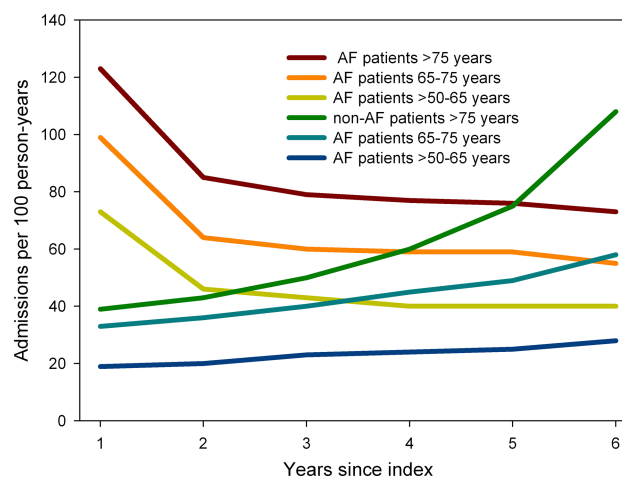

Figure 3 Noncardiovascular admissions for patients according to atrial fibrillation. Data shown as admissions per 100 person-years and stratified for age.

BMJ Open 2014;4:e001800corr1. doi:10.1136/bmjopen-2012-001800corr1
