**Trainee comments**

Trainee reflections

## Trainee reflections on this activity

Please select

### What did I learn from this experience?

### What did I do well?

### What do I need to improve or change? How will I achieve it?

This relates to a  
reflective journal entry

☐

## Ratings

Your ratings should be judged against the standard for the Certification. Assessors are normally consultants (senior trainees may be assessors depending upon their training level and the complexity of the procedure) IMPORTANT: The trainee should explain what he/she intends to do throughout the procedure. The Assessor should provide verbal prompts if required, and intervene if patient safety is at risk. A rating of Satisfactory can only be given if no prompting or intervention was required
