

SUPPLEMENTARY FILE 3: TABLE. Payment amounts by category compared between the *New England Journal of Medicine (NEJM)* and the *Journal of the American Medical Association (JAMA)*. Amounts shown sum by column to “Total” and by row to “*NEJM + JAMA*.” Percentages shown sum per column. One author published in both journals; this author’s payment amounts (\$35,849.69) were counted once in calculating total general payments but twice (once per journal) for between-journal analysis.

Payment Category	<i>NEJM</i>	<i>JAMA</i>	<i>NEJM + JAMA</i>
Disclosed	\$2,174,199.92 (59.8%)	\$1,675,846.29 (47.6%)	\$3,850,046.21 (51.3%)
Undisclosed	\$1,399,156.79 (38.5%)	\$2,027,672.77 (48.3%)	\$3,426,829.56 (45.6%)
Indeterminate	\$22,610.21 (0.6%)	\$3,863.42 (0.1%)	\$26,473.63 (0.4%)
Unrelated	\$39,824.89 (1.1%)	\$168,725.27 (4.0%)	\$208,550.16 (2.8%)
Total	\$3,635,791.81 (100%)	\$3,876,107.75 (100%)	\$7,511,899.56 (100%)
